Vol. 2, No. 35

RUSHVILLE, IND. SATURDAY EVENING, APRIL 22, 1905.

Single Copies, 2 Cents

END GAME SUDDENTLY

**Orville H. Platt, Connecticut's
Veteran Senator, Passes
Away.**

**One of President's Closest Ad-
visers and Will be Missed in
Councils of State.**

Washington, Conn., April 22.—Senator Orville H. Platt of Connecticut died at his summer home in this, his native town, at 8:53 last night, from pneumonia. The end came almost unexpectedly, the immediate cause being the breaking of the abscess which had formed in the right lung and which produced strangulation. Only a few minutes before the senator was perfectly conscious, appeared to have no pain, and had answered questions put to him by those at the bedside, showing that his mind was clear.

Senator Platt was born here July 19, 1827, and was nearly seventy-eight years of age. Proud of his strength and activity, it had been his ambition, so his friends say, of becoming the "father of the senate" in point of years.

Washington, April 22.—That the death of Senator Platt is a distinct loss to the senate and to the country at large is the unanimously expressed opinion of public men. By President Roosevelt it will be especially felt, as the senator was a frequent visitor at the White House and was at all times consulted by the president when important matters of state in and out of congress were under discussion. The senator's calls at the White House, usually by appointment, nearly always occurred in the evening, when there was an uninterrupted opportunity for extended conferences with the president. The senator's opinions and advice were not less highly regarded by his fellow senators, who placed a high estimate on his abilities and sagacity. During his long service of twenty-six years the senator has taken an active part in the proceedings of the upper branch of congress, has filled many important committee assignments and demonstrated his capacity in handling and discussing questions of national interest. He was chairman of the judiciary committee and in addition a member of the committee on Cuban relations, finance and revolutionary claims. He took a leading part in arranging our relations to Cuba. Senator Platt frequently was called to the chair to preside temporarily over the sessions of the senate, and during the Swayne impeachment trial at the last session sat throughout the trial as the presiding officer or judge of the court.

FATHER GETS THE CUSTODY OF CHILD

**R. C. Constantine Has Been
Awarded the Keeping of His
Little Daughter.**

R. C. Constantine, of Indianapolis, who, it will be remembered, came to this city last December and took his little daughter Marguerite away with him, was in this city yesterday and took the little girl home with him for a visit.

To the Republican Constantine stated that when he was here last December after his little girl, he did not force her to leave with him, but he said she came running to him and wanted to go. He also stated that he had applied for divorce from his wife, but she filed a cross complaint and the divorce was given to her and the child to him. He stated that he gets possession of the little girl on June 1st. Mrs. Constantine is a daughter of William Merrill, the Sexton street groceryman. Constantine charges that the little girl has not been treated well by her mother and grandparents and that she does not want to live with them.

A TEST CASE

**Anti-Cigarette Law is to Have a
Round in Higher
Courts.**

As the result of the arrest of John M. Lewis, of Anderson, and his being fined for smoking a cigarette, an appeal was taken to the Madison circuit court, and if the lower court's decision is affirmed, Lewis will appeal to the supreme court for a test of the constitutionality of the law. Lewis is a young man who has figured considerably among the politicians and is generally well informed. Some people, therefore, think he is representing the tobacco trust in defying the cigarette law.

He was walking along the street enjoying a cigarette, when arrested, and was arraigned immediately. Lewis was found guilty, and the fine and costs amounted to about \$25. He at once retained D. R. Call and Leslie E. Kinnard, of Anderson, as counsel to appeal the case. Lewis contends that the affidavit on which he was convicted said nothing about smoking cigarettes, and that they also interfered with personal liberty.

OIL DISCOVERED AT BUENA VISTA

**The Pressure Became so Great
That it Stopped the
Drilling.**

A dispatch from Brookville to the Indianapolis Star this morning says: Gas bearing treston underlies all of Franklin county, and recently a company drilled a well at Buena Vista. At 1100 feet oil was struck, and this morning he oil pressure became so great as to stop drilling. The well will be shot as soon as possible, and wells will be drilled at points covering the entire county.

WILL CONSTRUCT THE EXTENSION

**I. & C. Will go Ahead With the
Line to Connersville Says
an Official.**

When asked this morning concerning the rumor afloat that the Indianapolis & Cincinnati Traction company would for the present abandon the construction of the extension to Connersville, an official who is in a position to know, stated that there was nothing in the rumor, and that the company would go ahead with the work. He stated that the company has paid out over \$50,000 for right-of-way between this city and Connersville.

It seems that Connersville has been hoodwinked so often concerning electric lines (on paper) that the people there, owing to the delay in beginning work on the extension to that city, are beginning to fear that they will lose this one. Connersville may rest easy, however, for according to the officials the line is going through.

Conductor Brutally Assaulted.
Richmond, Ind., April 22.—Louis Knoff, conductor and motorman on the Cambridge City and Milton Traction line, a branch of the Richmond Interurban system, was assaulted by five drunken men on his car in Cambridge City and was so badly beaten that he is unconscious and his condition is considered serious.

Back to the Old Home.
Anderson, Ind., April 22.—Former Governor and Mrs. W. T. Durbin have completed the moving of their household effects from Indianapolis to their old home in this city. Colonel Durbin will probably go to Salt Lake city before he and Mrs. Durbin go abroad in May.

WARFARE WILL BEGIN SOON

**The Anti-Saloon League is
Preparing for a Big
Fight.**

**It Intends to Carry the Crusade
Into Every Section of the
State.**

With the Moore temperance law in effect, the Anti-Saloon League's fight against the saloon in all quarters of the State is on in earnest. Workers of the league assert that they will drive saloons out of many smaller cities, and are laying their plans for work in that direction. Particular attention is now being devoted to Winchester, Ladoga and Liberty, but other towns and smaller cities are on the list for active attention in the next few weeks.

The Anti-Saloon League is printing thousands of cards that are being sent to all parts of the State, containing the blank forms by which a voter may assign to a representative of the Anti-Saloon League the power of attorney in all cases affecting saloon remonstrances, so that the league's representatives may attach the assigner's name to any or all remonstrances against the granting of a license to any and all applicants for the sale of intoxicating liquors.

Both ward and township remonstrances are being sent out, and the 5000 township cards first printed have already been exhausted. At the anti-saloon headquarters in Indianapolis, it is said that 30,000 of the township cards will be distributed in the next three months.

It is probable that an early effort will be made to test the Moore law as affecting the proposition whether a remonstrance against all applicants in a township, containing the names of a majority of the voters of the township, would not shut saloons out of a city in the township. U. G. Humphrey, State superintendent of the Anti-Saloon League, believes that this is the case, but he has been opposed by at least one Prohibitionist attorney, who believes that saloons may be shut out of a city only by remonstrances in the different wards. This was declared by the Supreme court to be the case under the Nicholson law, and the Prohibitionist believes that the same thing will hold under the Moore amendment.

IMPROVEMENTS AT BIG 4 DEPOT

**New Cement Platform Being Put
in—Track Has Been
Raised.**

Some extensive improvements are being made at the Big Four depot in this city. A force of eight men, mostly negroes sent here by the company, is tearing out the macadam platform and making preparations to construct a cement one. The curbing for the cement platform has been set and has been changed somewhat. At the south end the platform will be raised six inches. At the north end the platform has been lowered six inches. South of the depot the track has been raised one foot and north of the depot it has been raised two inches. These improvements place the rails on a level with the platform.

The new platform will be built solid with concrete and the force of men will work all day tomorrow in order to get it completed by Monday or Tuesday. The rain during the past two or three days has delayed the work somewhat and the men find it necessary to work on Sunday to complete the platform as soon as possible.

Nearly 20 per cent. of all street car passengers require transfers.

SCHOLARSHIP AWARDED

**Frank Aydelotte Gets the Rhodes
Scholarship Honor This
Year.**

Frank Aydelotte, formerly of Indiana University, and at present an instructor in the Male High School at Louisville, Ky., has just been awarded the Rhodes scholarship. The committee having the power of selection is composed of the presidents of five of the leading colleges of the State. Mr. Aydelotte while at Indiana University, was one of the leading athletes of the university and this no doubt aided him greatly in securing the scholarship. Mr. Aydelotte not only made a brilliant record as an athlete while at the State University, but has an enviable record as a student.

Clyde Beck, of Richmond, represented Earlham in the contest. Earlham won the scholarship last year, George Hamilton being the lucky student. The scholarship carries with it an annual allowance of \$1500 and is to go into effect next fall.

WILL CELEBRATE SPLENDIDLY

**All the Churches Are Making
Many Preparations For
Easter.**

The annual event of Easter will be splendidly celebrated this year by the various churches in the city, and from all indications, interesting services will be held throughout the day. The choirs of each church have been very busy the past two weeks practicing the new hymns and all have prepared some very good music for the Easter time. The decorations will also add to the celebration of the resurrection of our Saviour and in every way elaborate preparations are being made for the happy event. Special programs will be given at a number of the churches and other interesting features will also be held to make the day one to be long remembered.

INSANE MAN TO BE EXAMINED

**John D. Webb, Who Came Here,
is Taken Into Custody at
Indianapolis.**

While he was sitting on his suit case trying to break a whiskey bottle painted on a sign board, John D. Webb, the insane ex-policeman, who for several days has been asserting that he will be candidate for Mayor on the Prohibition ticket, and who paid this city a visit on Tuesday, was arrested Wednesday morning by Bicyclemen Duncan and Askins at Indianapolis and slated as insane. When the officers found Webb he had his hat decorated profusely with flags and was uttering incoherent sentences.

According to the Indianapolis Star, Webb's condition is not improving. Thursday at the Indianapolis police station, he declared that he was being persecuted by the city officers.

"They are keeping me here," he said, "because I am a candidate for Mayor. They know I would be elected if I could get out." A commission will be held to pass on his sanity.

When he was shipped out of this city Tuesday night, Webb was made to remove the flags and bunting which adorned his hat, but it seems that he again decorated himself upon reaching Indianapolis. He wandered about the streets all night upon his arrival there.

A peculiar method of charging cloth with electricity in order to furnish heat to the wearer, has been invented by a French engineer.

QUESTION IS VERY SERIOUS

**One Section of New Criminal
Code Has Been Found
Defective.**

**In Statute Relating to False Pre-
tense Only Deceptions in Writ-
ing are Recognized.**

Indianapolis, April 22.—What is expected to prove a serious omission in a section of the public offenses act has been discovered as the result of the dismissal of George Wells at Fort Wayne, who was charged with false pretense. The deception with which Wells was charged was not in writing, and under the construction of the circuit judge there, the new law does not cover offenses that are not in writing. At the attorney general's office the statement was made that it was thought that the courts would give a liberal enough interpretation of the law to allow the prosecution of any one who had practiced verbal deception. It was admitted there, however, that there was a serious question as to the scope of the new law.

It was thought at first that perhaps a mistake had occurred in the printed acts that led to this omission, but an investigation shows that the enrolled act does not contain the words, and, going further back, it is found that the bill as originally prepared and printed by the codification commission has the same omission. It is thought likely that a test case will be made to have the law construed.

A NEW CHURCH FOR GLENWOOD

**United Presbyterian Congre-
gation at That Place Will
Build.**

Glenwood is to have a new church. The United Presbyterian congregation at that place has about completed arrangements for a handsome new edifice. The church will be erected this year and plans for its construction have been selected, but they will be changed some and it is yet uncertain as to the kind of a church to be erected. The building committee, it is said, favors cement blocks, and it is probable that the church will be built of that material. The church will be quite an improvement to Glenwood and while not over large it will be big enough to amply accommodate the congregation.

WAGONER SIGNS WITH RUSHVILLE

**He Will Pitch Four Innings of
the Game With K. of P. Team
Tomorrow.**

Eddie Wagner ("Hans") has reached an agreement with the local base ball management and will again play with Rushville. Wagner will be in the game tomorrow and will pitch four innings. McCord will pitch the other five. Rushville's opponent tomorrow will be the strong K. of P. Stars of Cincinnati. The game will be called at 2:30 and the grounds will be placed in first-class shape for the game. Jack Sullivan will umpire. Rushville will line up as follows: McCord and Wagner p. Morgan c. Pearsby lb. Cullen 2b. Carter ss. Herold 3rb. Taylor lf. Stubblefield cf. Kiser rf. Geraghty sub.

More than one-third of all the American export trade has been in the two great crops, cotton and wheat.

FARMERS PROTEST

**They Do Not Like to Have Their
Fences Plastered With
Ads.**

There is a mild, but growing protest from the farmers against what they claim is a disfigurement of their property as a desecration of the natural beauty of the country roads by the plastering of all kinds of signs and placards upon fences and buildings and poles which line the country thoroughfares.

The trustees of some of the townships are also complaining that in many cases the school property is defaced and bled by this character of advertising, often announcements being made in close proximity to the school rooms which are not at all conducive to the welfare of the schools. The people of the country districts of course understand, but if one merchant does these things, other progressive merchants must and will do likewise, and so it is proposed that some action will be taken to stop all kinds of advertising of this class so that no man could feel that he had been discriminated against.

TWO BANDS FURNISH MUSIC

**Uncle "Bob" Hutchison and
His Bride Royally Received
at Arlington.**

Last Thursday morning "Uncle Bob" Hutchison, of Arlington, was married to Miss Nora Evans, of Indianapolis. The ceremony was performed at the bride's home in Indianapolis, 1638 Ingram street, by the Rev. Ira Grandy, pastor of a Universalist church in that city. After the ceremony, Mr. and Mrs. Hutchison came over the I. & C. traction line to Arlington, where they were met by a number of friends. At their home an elegant dinner was served to fifty guests. In the evening, after they had been installed in their new home, and were enjoying a blissful calm after their afternoon reception, suddenly a beautiful band serenade was heard from outside, and before the couple—enchanted by the music, which seemed to complete their heavenly happiness—could make investigation to ascertain the source of the music, the clatter of a crowd dinned their ears, and the house was instantaneously broken into by a great mob. First came the Arlington and Sumner bands, bravely attempting to make their music heard above the conglomeration of sounds, then, following these, were the Rebekahs, coming to join in the happiness of their sister. They brought with them baskets well filled with all sorts of things that are good to eat, and spread an elegant supper, during which the serenaders played "Down on the Farm."

At the bride's table were seated Mr. and Mrs. Hutchison, and Miss Mary Evans, the bride's sister, and Eli Collins, trustee of Posey township. We cannot tell whether it was by fatal error, carelessness or what, that the latter couple were as pitilessly pelted with rice as were the bride and groom. Mr. and Mrs. Hutchison received many elegant gifts, among them a fine chair presented by the Rebekah Lodge. Mr. and Mrs. E. W. Ball of this city, were present at the event.

THE WEATHER.

**Fair and Warmer Tonight Sun-
day Increasing Cloudiness and
Warmer with Probably Show-
ers South-west Portion.**

DESTRUCTIVE HESSIAN FLY

**Uncle Sam is After This
Famous Wheat Pest With
a Stick.**

**W. J. Phillips Will Conduct a
Series of Experiments at
Richmond.**

The division of entomology of the department of agriculture at Washington, in a short time will send W. J. Phillips, a special field agent, to Richmond, Ind., to supervise a series of experiments that will be of vast interest to the wheat growers. Mr. Phillips will make Richmond his headquarters, but will travel as occasion seems to demand into Georgia, Tennessee, Ohio, Michigan and Virginia, where experiments similar to the one already started in Indiana are under way.

The purpose of these experiments is to find, if possible, if there is not a time when wheat can be sown with perfect assurance that it will not be damaged by the Hessian fly. Every Indiana wheat grower knows the fly is one of his worst enemies.

The Indiana tests are being made on Walter Ratliff's splendid farm, near Richmond. Several sowings were made on this farm last fall. Beginning on August 22 and ending October 30, there was a sowing every ten days and the result is being watched with keen interest by the department of agriculture. The last report from Mr. Ratliff's farm indicates that wheat sown on September 30 is standing the test better than wheat sown at any other period.

The experiments at Richmond are only one link in a chain of similar experiments that are under way extending from Northern Michigan to Atlanta, Ga., the purpose being to embrace the entire wheat belt in the tests. The experiments will be continued over a period of five or ten years and deductions will be drawn from the average results. Next year three other chains of experiments will be placed in operation. One will be along the Atlantic coast extending from South Carolina to Canada, another west of the Mississippi, extending from Texas to the Dakotas, and the third on the Pacific coast.

Mr. Phillips, who will soon take charge of the work at Richmond, also will conduct experiments as to the effects of insects on timothy. A new timothy insect has just been discovered, or "has come to the front," as they say at the department of agriculture. It is called the "timothy joint worm," and it works great damage to timothy both for hay and seed. Mr. Phillips will inquire into the effect of this insect on timothy in Indiana.

MAN TO SUCCEED CHARLES B. RILEY

**Indiana Grain Dealers May Se-
lect E. K. Sowash, of
Middletown.**

E. K. Sowash, of Middletown, may be the new secretary of the Northern Indiana Grain Dealers' Association. A special meeting was held at Logansport Thursday and about thirty-five members of the organization were in attendance. Crops conditions were discussed as well as the matter of selecting a new secretary to succeed C. B. Riley, of this city, who has resigned to enter upon his duties as secretary of the State board of railway commissioners.

Mr. Riley's appointment was made at the request of the grain dealers, who at the meeting of the State association drafted resolutions asking representation on the board which board was established mainly through the efforts of the grain dealers. Mr. Riley will begin his new duties May 1st and his successor as secretary of the State Grain Dealers' Association has to be appointed before that date.

RUSHVILLE, IND. APRIL 22, 1905.

In Nebraska a bill to preserve the sanctity of Memorial day was passed March 29th, by both branches of the legislature. It provides that the holiday shall not be "desecrated by sports including base ball and horse racing."

It is about time now for the so-called non-partisan movement in cities where there is a normal Republican majority. This, of course, is nothing more or less than the old Democratic scheme of trying to secure control of the local government through the guise of non-partisanship. Scrutinize it and in ninety cases out of a hundred it is found to be Democratic to the core.

It is barely possible that the Southern sense of moral superiority to the Northerner might part of it to be attributed to the fact that when serious crimes are committed in the South it is at once attributed to the colored brother. Thus the mental statistics naturally show a balance in favor of the whites that the actual facts might not sustain if the investigation were carried a little further. It is so much easier to imagine than to ascertain, and the realms of imagination are sometimes so much more delightful than the somewhat uncongenial clime of concrete facts.

The tape worm is the natural enemy of the germ of consumption and the latter cannot exist when the other is present, says Consul Canada at Vera Cruz, Mexico, in a report just received at the State department in Washington. The consul states that two eminent scientists have discovered that the tape worm prevents the human organism from being infected with tuberculosis bacilli and it has been proven in the case of a consumptive affected with tape worm that he completely recovered his health. In this matter it is up to the victim to say which he prefers. Another recent announcement is that cancer can be cured by a tea brewed from violet leaves. This is easier.

AMBITIOUS CLUB

Noted Indianapolis Political Organization is Branching Out.

Indianapolis, April 22.—An effort is being made to increase the membership of the Marion club to 2,000 and build a fine new club building. The organization is one of the best known in Hoosier politics, as it has taken a prominent part in many rallies. The Marion marching club is one of the finest of the kind in the middle West. The club was formerly accused of trying to dictate all the nominations on the local Republican tickets. It undoubtedly exercised great influence, but there is no longer the old talk about the Marion club "ring." It has grown rapidly and has a fine clubhouse on North Meridian street besides a nice nest-egg in the treasury, but its members are ambitious and they are planning now to build a clubhouse to rival the one owned by the Columbia club. As soon as the membership is increased to the desired point it is probable that a definite plan for the building will be made.

The board appointed by Governor Hanly to select a location for the southeastern Indiana hospital for the insane, for which the recent general assembly appropriated \$560,000, has organized by electing the governor president; George A. Shideler of Marion secretary and Eph Imman of Washington, treasurer. The other members are John McCord of New Richmond and D. D. Jacobs of Lafayette. The board will meet at the governor's office May 3, to hear from com-

mittees representing cities that desire to locate the institution. Prior to the meeting it will visit the northern Indiana hospital for the insane at Logansport and the eastern Indiana hospital at Richmond, and before deciding on a location it will visit all sites that are offered. An impartial hearing will be given to every committee, and politics, it is said, will cut no figure in locating the institution. Strong bids will be made for the institution by Columbus, Seymour, Bedford, Madison and North Vernon, but it is thought that the choice will be between Columbus and Seymour.

Should county poor farms be self-sustaining? An interesting question in that connection has been raised by State Statistician Stubbs. Statistics gathered by him show that Delaware county has the only self-sustaining poor farm in Indiana, and it would not have been but for the recent discovery of oil. The royalties are now more than paying the expenses of the institution. The total cost of maintenance of the poor farms last year was \$387,650.12; total income, \$82,513.78. The average size of the farms is 212.2 acres and the total investment in land and improvements, \$2,528,523.33. The farms in Vigo, Benton, Jay and Howard counties are nearly self-supporting, but in this county the revenue last year was but \$1,280, while the expenditure amounted to \$20,251.78. Mr. Stubbs says it seems that all the farms are capable of as high cultivation as the adjoining land and that many should be self-supporting and relieve the people of the burden of taxation.

Governor Hanly, it was reported today, has decided to give the authorities at Evansville some red-hot advice on how the law should be enforced. It is said he has accepted an invitation from the ministerial association to speak there soon. Members of the association have written him depicting the conditions at Evansville in vigorous style, declaring that saloons are open all day and night and that gambling is unrestrained. One letter stated that workmen are losing their entire week's wages playing dollar slot machines. Evansville will be more difficult to handle than the cities that have metropolitan police boards that are answerable to the governor, but the latter is said to be looking for a way to enforce the laws there according to his now well-known ideas.

Hitchcock Makes a Cleaning.
Washington, April 22.—Fred H. Wilson, acting superintendent, and seven clerks of the Indian warehouse in New York city were summarily dismissed from office by Secretary Hitchcock as the result of revelations made by an inspection of the office by Indian Inspector Nesler, who preferred charges of irregularities in the conduct of the office, including Wilson's accounts, in order to protect a number of employees who were not performing any service for the government.

The Flood of Immigration.
New York, April 22.—Four trans-Atlantic steamers which arrived at this port yesterday brought 9,675 steerage passengers—the largest number ever passed in quarantine in one day. It was impossible to handle the great throng in one day, and at least 4,000 would-be citizens had to remain over night aboard the ship on which they arrived, as 6,000 is the limit of Ellis Island's clearing capacity.

Asks for New Trial.
Hoosier Falls, N. Y., April 22.—Counsel for Mrs. Mary Rogers, now under sentence of death in Windsor prison, Vermont, for the murder of her husband, Marcus Rogers, and who was granted a reprieve until June 2, today filed in the Vermont supreme court at Brattleboro a petition for a new trial.

Serious Fire in Brooklyn.
New York, April 22.—Three firemen were injured, six women were severely burned, seventy families were made homeless, and property valued at \$150,000 was destroyed by a fire in the heart of the thickly settled Hebrew center in the Brownsville section of Brooklyn.

New Scene of Operations.
Topeka, Kan., Apr. 22.—Jas. R. Garfield, commissioner of corporations, started for California last night.

Indiana Requisition Granted.
Columbus, Ohio, April 22.—Governor Herrick has honored a requisition from the governor of Indiana for Milo Peters, who has been arrested in Columbus and is wanted in Clinton county, Indiana, on the charge of assault, his alleged victim being Anna Sheets. The offense was committed on May 1, 1902, but the victim told no one of it until recently.

Officers Seize Printing Plant.
San Antonio, Tex., April 22.—United States secret service officers have seized a printing plant here with which lottery tickets have been printed. Several arrests have been made in connection with the affair. It is said that tickets for several Mexican lotteries have been printed here and distributed all over the country.

Warsaw's Governor Resigns.
Warsaw, April 22.—A dispatch from St. Petersburg says that General Maximovich has resigned the governorship of Warsaw, owing to differences with the committee of ministers regarding Polish concessions. The report appears to be ill founded, and if true it will seriously affect the situation in Warsaw.

DESIRE TO RESIGN

French Foreign Minister Finds Complications Coming Too Fast.

HE MAY STICK TO POST

Announcement of M. Delcasse's Intention to Resign Was the Occasion of Hasty Council Meeting.

He May Be Persuaded to Hold on to Position Rendered Objectionable by Criticism.

Paris, April 22.—After a notable service of nearly eight years in the direction of foreign affairs Theophile Delcasse has informed President of the Council Rouvriere of his desire and intention to resign. This announcement came as a surprise and shock to M. Delcasse's colleagues of the cabinet who immediately took steps to endeavor to secure a reconsideration of his determination.

A cabinet council was held and it was the unanimous determination of the council that the interest of the country at this particular time requires that M. Delcasse retain the portfolio of foreign affairs. The president of the council voicing the wishes of the president and Mr. Loubet and the ministers, earnestly besought M. Delcasse to retain his place in the cabinet.

It is evident that M. Rouvriere's earnest appeal caused M. Delcasse to waver in his determination and it is believed that he will yield to the insistence of President Loubet and the president of the council.

The motives leading up to M. Delcasse's sudden determination to retire from the cabinet are primarily attributed to internal controversies over the Moroccan question; and this to some extent has been accentuated by similar controversies over French neutrality in the far east. The opposition has been quick to seize upon both questions and headed by Socialists and Nationalists, have directed their criticism against M. Delcasse. The Socialist criticisms have been particularly vehement during recent days on the Moroccan question and this appears to have finally decided M. Delcasse to surrender the question into other hands. It is felt that his retirement now would be hailed in Germany as a German triumph and this is one of the main considerations leading M. Rouvriere to earnestly appeal to M. Delcasse to remain in the foreign office.

The announcement concerning M. Delcasse's intention to resign is but one of many incidents in a time of much anxiety throughout government quarters. Following close upon the heels of the complications with Germany over Morocco the Franco-Japanese incidents has suddenly assumed serious proportions and unusual energy was shown in preventing its embroiling France in complications in the far east. In order to secure definite co-operation between these departments of the government, namely naval, colonial and foreign, a conference was held between leading representatives of each department.

This brought about a clear understanding regarding the measures necessary for the maintenance of neutrality of Indo-Chinese waters and orders were sent to Governor General Beau to specifically report the exact location of the Russian Pacific squadron and whether it had or had not been withdrawn from French waters. Communications with St. Petersburg led to orders being transmitted by the Russian government to Vice Admiral Rojestvensky to vigorously respect the neutrality of French waters. It was even stated that Foreign Minister Lamsdorff would carry the question before Emperor Nicholas in order to assure complete respect of neutrality.

Probably the most significant development from the energetic measures adopted was the receipt of a dispatch from Saigon saying that imperative orders had been given for the disarmament of the Russian cruiser Diana which sought refuge in the harbor of Saigon eight months ago for the purpose of repairing. The main portion of the Diana's machinery must now be handed over to the French naval authorities at Saigon. It is stated at the foreign office that no representations of any kind have been presented by Great Britain concerning neutrality. At the same time it is anticipated that some such representations will be made. The fact that the British ambassador has given up his Easter holidays and returned to Paris last night after a conference with Foreign Secretary Lansdowne appears to support this view. However, the cordial relations existing between France and Great Britain would doubtless modify any representations so as to relieve them from serious significance. Anything like an energetic protest from Great Britain at this time would be deeply wounding to France who relies on the Anglo-French entente as a counterpoise to Germany's menaces over Morocco.

Investigating Sausage Business.
Chicago, April 22.—The federal grand jury which is investigating the affairs of the meat packers has resumed their probe into the details of the sausage casing business as carried on by the packers.

HOW IT HAPPENED
Eisenberg Repeats His Story of the Cab Tragedy.

Chicago, April 22.—Samuel Eisenberg, the Russian Jewish coatmaker who has told of seeing a man kill himself while in a cab with a woman June 24, 1901, on West Broadway, New York, has expressed willingness to go to New York and testify on the witness stand in the case of Nan Patterson.

"The cab in which Young and Nan Patterson sat passed within five feet of me," said Eisenberg. "The man appeared drunk and he appeared to be fighting with the woman. She was clinging to his hands tightly. The cab was moving very slowly and the woman said something to the driver as if to tell him to go faster. He cracked his whip and the horse went faster."

"Suddenly the man got his hands free and pulled a revolver from his pocket. His hand went up and down and then the shot rang out. The man fell forward, the revolver fell from his hand, and he fell over on the woman's lap. The woman seemed to faint, because her head fell on his shoulder."

FOURTEEN LIVES LOST

Dreadful Mortality Attends Destruction of a Convent Near Montreal.

Montreal, April 22.—The little village of St. Genevieve is in mourning today over the loss of fourteen lives in a fire which destroyed the convent of St. Anne there. One nun, nine children ranging in age from ten to eighteen years, and four old women perished in the flames. Two nuns were so severely burned that it is feared they will die. In their great catastrophe the villagers find some comfort in relating the heroism displayed by Sister Marie Adjeur, who gave her life, and Sisters Marie Therese and Marie Robertine, who were perhaps fatally burned in their efforts to save the lives of the children and helpless old women in their charge.

There is no organized fire protection in the village. The fire was beyond control by the time the sleeping people could be aroused. A bucket brigade was formed, but the efforts to check the flames were futile and the quaint old structure was reduced to ashes.

Will Arbitrate the Issue.

Washington, April 22.—Secretary Taft and Senator Gutterez, the latter representing the Philippine Sugar Estates Development company, have reached an agreement to arbitrate the outstanding issue respecting the sale to the Philippine government of the Dominican friars lands, amounting to about 16,000 acres, valued at about \$2,500,000, which amount has been on deposit in New York for more than a year awaiting an agreement between the principals.

Meningitis Is Contagious.

New York, April 22.—As a result of the investigation being made by a commission into the spread of cerebro spinal meningitis in this city, Health Commissioner Darlington states that he believes the communicability of the disease has been sufficiently well established to warrant the placing of all cases in quarantine under the same rules as apply to scarlet fever, diphtheria and other contagious diseases.

Ran Shooting Through Streets.

Warsaw, April 22.—A drunken soldier last evening fired his revolver in the crowded streets of this city, killing one and wounding six persons, one of them probably fatally. A patrol had attempted to arrest the man, but failed, and as he fled he fired in all directions. Among the wounded are two soldiers, a policeman and two Jews, a father and son. A workman finally captured the miscreant.

Demand Will Be Refused.

Chicago, April 22.—The teamsters' unions have informed all business houses which have been delivering goods to Montgomery Ward & Co., that they must stop or a general strike of all the union teamsters in Chicago will be called. It is expected that the demands of the unions will be without exception refused by the employers.

TERSE TELEGRAMS

United States Senator O. H. Platt is dead at his home in Washington, Conn.

The national irrigation congress will meet in Portland from August 21 to 24.

In the burning of the St. Anne convent at St. Genevieve, near Montreal, fourteen lives were lost.

Business failures for the week number 183 against 196 last week and 199 in the same week in 1904.

The Negro Young People's Christian and Educational congress will be held in Washington, D. C., on Aug. 8-12, 1905.

Fourteen thoroughbred horses perished in flames which destroyed the barns of the Frankfort (Ky.) Driving association.

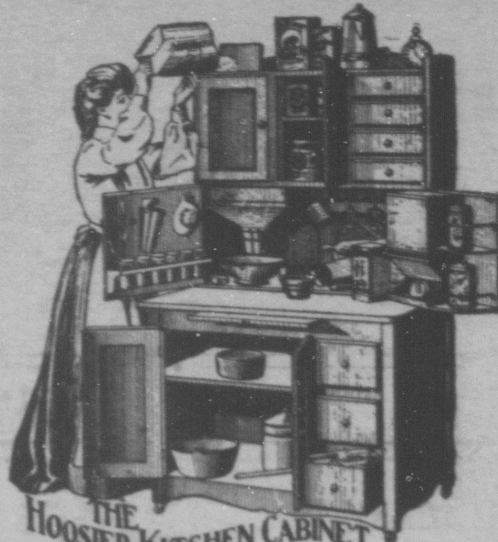

William H. Rogers, business manager of the Boston baseball club of the National League, is dead, aged forty-five years.

It is declared in political circles at Sofia that if Crete should be annexed to Greece the kingdom of Bulgaria will immediately be declared.

A receiver has been appointed for the Colonial Life Assurance association, a fraternal beneficiary corporation organized under the laws of Massachusetts.

KEEP AWAY FROM THE KITCHEN.
THIS MEANS YOU

Don't wear yourself out with needless work—don't spend the best hours of the day in a hot kitchen. Let our automatic servant make your work easier—cut your hours of kitchen labor in two. This tireless servant,

THE HOOSIER KITCHEN CABINET

is the most competent housekeeper's helper you have ever known.

It groups every thing you need in preparing a meal—each article in its own special place—all within easy reach. It saves countless wearing footsteps from sink to pantry—from pantry to range—from range to kitchen table.

This servant doesn't let you run out of sugar—flour or anything else you need every time you cook.

Hoosier cabinets take the place of a pantry—are far more convenient—because the supplies are all in one place. The large cupboards—the roomy drawers hold everything a pantry will. The Hoosier Kitchen Cabinet has labor-saving and "supply-saving" devices no other kitchen cabinet possesses. A patent sugar-bin—insect-proof; a special sanitary flour bin—self-cleaning; Hoosier air-tight spice tins that preserve the flavor of the spices.

Every Hoosier Cabinet is made of solid oak—construction, workmanship and finish as fine as the furniture in your dining-room. The panels are built up—not the ordinary one-ply kind that warp and split in the heat of the kitchen.

There is no use paying more than the Hoosier price for kitchen cabinets, because the Hoosier is the best in construction—the most practical—the most convenient.

You can buy a Hoosier on weekly installments—a small sum down—and \$1.00 per week until the cabinet is paid for.

Hoosier Kitchen Cabinet is an investment—not an expense. It pays for itself in a short time in the waste it saves—in the leisure hours and rest it gives its owner. Don't put off doing away with kitchen drudgery a single day.

**NITROGEN
INOCULATION**
Of the Soil by the Culture of
Germs is being Inves-
tigated.
Prof. L. H. Bailey delivers this au-
thoritative dictum on the soil inocu-
lation discussion in The Country
Calendar for May, the first issue of
the new outdoor magazine published
by the Review of Reviews Book Co.
"The most recent development is the
recrudescence of the idea of inocu-
lating directly by means of pure cul-
tures of the germs. This is the result
of the work of Dr. George T. Moore,
of our national Department of Agri-
culture. He has incorporated his cul-
tivated germs in a desiccated state,
with absorbent cotton, so that they
can be sent by mail and then be used
for the inoculation either of the soil
or of the seed. The cotton is thrown
into water (which is prepared by
treatment with certain chemicals) and
when the germs have multiplied suf-
ficiently to make the water cloudy, the
seed or the soil is wet with the liquid.
The process is exceedingly simple and
is inexpensive. A large number of
packages of the inoculating material
was sent out by the Department of
Agriculture last year; and the grati-
fying results of the work are reported
in Bulletin 71 of the Bureau of Plant
Industry, issued January 23, 1905.
The subject, therefore, is only this
year before the general public for in-
formation and discussion.
"It is yet too early to give an
opinion as to the value of this new
method of inoculation. The published
results are most encouraging. On the
other hand, other experiments
with alfalfa have given no pronounced
results, nothing like those secured
from inoculation by means of soil.
The question is yet in its experimental
stage so far as general field results are
concerned. It will not be a panacea,
nor is the 'culture' a fertilizer. At
best, the inoculation will constitute
only one factor making for productiv-
ness. All new developments, par-
ticularly those that have novel and
striking features, are likely to be
over-valued and sensationalized by
undiscriminating persons, and this
often results in injury to some of the
best innovations. It is now to be de-
termined what the possibilities of the
new method are, under what exact
conditions it may be expected to be
successful, and how to eliminate the
causes of failure. There is no indica-
tion that this new method will be
revolutionary, but there is reason to
believe that it will carry us one step
further toward the realization of our
quest for nitrogen to provide the food
for mankind."

MURDEROUS BURGLAR
He Fired When His Demand for
Money Was Resisted.
Brownstown, Ind., April 22.—A bold
attempt was made to rob Silas Guthrie
at his home near Leesville in which
Mr. Guthrie was seriously shot by the
robber.
Guthrie and his wife were in their
yard at dusk, when a man came up
the road and, covering them with his
revolver forced them into the house
and demanded their money. Mr.
Guthrie told him he had no money in
the house and the man then shot him.
Mrs. Guthrie ran screaming from the
house, and the robber fired two shots
at her, neither taking effect. By this
time neighbors, hearing the woman's
screams and the shots, rushed to the
Guthrie home, but the would-be rob-
ber had fled.
Mr. Guthrie was shot in the side,
and though his wound is serious, phy-
sicians do not believe it will result
fatally. He is a retired farmer sixty-
five years old. He says the would-be
robber was not masked, and that he
recognized his voice. It is thought
the man will be arrested.
Change of Venue Demanded.
LaPorte, Ind., April 22.—Mayor
Lemuel Darrow on behalf of himself
and co-defendants, City Attorney H.
W. Worden and Attorney John W.
Talbot, in the disbarment proceed-
ings, has filed a motion for a change
of venue from John G. Richter, judge
of the LaPorte circuit court, on the
alleged ground that an impartial trial
cannot be had before him, for the rea-
son that he is biased and prejudiced
against the defendants. Some promi-
nent jurist will be asked to preside.

Sweetser Postoffice Robbed.
Sweetser, Ind., April 22.—The post-
office here was burglarized and stamps
valued at \$300 were stolen. The post-
office is in the jewelry store of Elmer
Veach, who suffered a loss of \$150 in
jewelry. The police have no clue.

COUNTY NEWS
Andersonville.
This weather is real hard on our
fruit but we don't think that it was
hurt.
James Ryan and wife were in town
Wednesday trading. Mrs. Ryan seems
to be real well, first for some time.
The Buena Vista ball team received
their new suits this week. They are
a real pretty blue the boys are very
proud of their suits and think they
will play some ball this season. Luck
to you boys, we love a good ball game.
Mrs. Jane Crowl will leave in a
few days for a visit with her three
sons in Nebraska.
The people through the country are
bothered some what with those one-
horse stores that travel on foot.
The Freeman's reporter and myself
spent last Sunday with a very hearty
laugh now and then. The day was
well spent in boxing and having a
general good time.
O'Connell, the oil man, was in town
a part of this week.
Dr. Sexton, of Rushville, was
through here Tuesday in his automo-
bile enroute to Mrs. Feys who has a
gall stone, three doctors were in
attendance.
A very large crowd attended the
show at Guinnup's hall Tuesday night,
but the show was a some what fail-
ure.
Edward Fey, of Elwood, was called
home this week on the account of his
mother's sickness.
James North, was on our streets
one day this week.
The carpenters are progressing very
nicely with the new house that they
are building for Mont Carmel.
Obby Stant, of Cedar Grove, has
rented a house here and will move
here soon, he will work at the car-
penter trade here.
They are going down very nice
with their soil well at Buena Vista.
They are down over one thousand feet
and have never found Trenton stone.
They found water at one hundred feet.

Notice.
Now is the time for all persons want-
ing graves sodded for Decoration day to
place the order with the secretary. All
sodding, cash at time of placing order.
All graves not filled last year will be re-
moved by May 15th if not looked after.
Z. E. MAUZY, Secy.
East Hill Cemetery Co.
Tue-Fri-dw3w.
Commissioner's Sale of Real Estate!
Notice is hereby given that the undersigned
commissioner appointed to sell real estate in
case No. 1296, James S. Miller et al. vs. Sarah
E. Messler et al., in the Decatur circuit court,
will sell at private sale on or after
Tuesday, the 23rd day of May, 1905,
the following real estate in Rush and Deca-
tur counties, in the State of Indiana, to-wit:
Beginning at the half mile post on the north
side of section thirty-two (32), township
twelve (12), north range eleven (11), east,
thence east one hundred and nineteen (119)
poles and seventeen (17) links; thence south
twenty-six (26) poles and seventeen (17) links;
thence west one hundred and nineteen (119)
poles and eighteen links; thence north twenty-six
(26) poles and nineteen links to the place of be-
ginning, in said Decatur county, Indiana; also
the southwest quarter and the west half
of the northwest quarter and the southwest
quarter of the southeast quarter of section
twenty-eight (28), township twelve (12), north
range eleven (11) east in said county of Rush,
and State of Indiana. Also sixty (60)
acres of the south side of the southeast
quarter of section twenty-nine (29) in said
township and range, in said county of Rush
and State of Indiana, containing in all
said above described real estate about three
hundred sixty (360) acres. This is what is
known as the Phillip Brim farm, about 2 1/2
miles northeast of Clarksville. Also lot num-
ber fifty (50) and sixty-six (66) feet off of the west
end of lot number forty-nine (49) in Clark's
second addition to the town of Clarksville, all
in Decatur county, Indiana. This real estate
can be sold as a whole or in parcels.
TERMS—One-third cash, one-third in one
year, and remaining one-third in two years
from the date of the sale, the purchaser ex-
ecuting his notes with six per cent. interest
secured by mortgage on the real estate sold,
or all cash at the option of the purchaser.
Bids will be received at the office of Tackett
& Wilson, at Greensburg, Indiana.
Attorneys: Ewing & Tremain, Tackett
& Wilson, MARINE D. TACKETT,
Apr. 22-05 5w, fri. Commissioner.

WHY NOT HAVE YOUR
Piano, Furniture and Woodwork
Look Just Like New? How Can It
Be Done? By the Use of
Lusteraid and Puritan Cleaner.
It restores the original luster of a newly finished piece, lessens
the drudgery of renovating and scouring the house and everything
needing cleaning about the house and pays for itself many times
over in the economy of labor. Give it a trial and be convinced of
its merit. If it fails, return it.
REMEMBER.
We are headquarters for the Detroit Pure White Lead and Colors and Barron Boyle's
High Standard Liquid Paints.
WE WILL PAINT YOUR HOUSE WITH EITHER:
Detroit Pure White Lead, Ecolite, Hill Pure White Lead, Lowes Bros. Ready Made
Colors, Carter's Pure Lead or Barron Boyle's Liquid Paints.
Remember these are guaranteed staple goods. We will use what
we agree to use and guarantee both our labor and material. We
think we can save you money too. Try us and see
G. P. McCarty, 329 NORTH
MAIN ST.
Telephone 572.

Nature's Awakening.
Who doubts that spring has come at
last,
This balmy, warm, bright day,
And that the winter, with its snow,
Is at the poles to stay?
The spring is here; the birds have
come,
The meadow-lark's clear trill
Is heard above the meadow
On the slope of yonder hill.
The sturdy farmer boy whistles
As he plows, and plows and plows
For the corn-land, and the clover
That will fill next year's hay mows.
Dear little balls of fleecy wool,
Darling little lambs,
Are frolicking on the hillsides,
Besides their sober dams.
The farmer's pretty daughter
Is without the house today,
Planting flowers which will blossom
Ere the coming of bright May.
Her cheeks glow like the roses,
From beneath her bonnet, pink,
And a song like bubbling water,
Mingles with her hoe's sharp chink.
The hens no more are vagrant,
From the first dull streaks of gray,
Till the day has on its night-dress,
They are busy all the day.
Little balls of golden yellow,
With cunning eyes of black,
Darling baby ducklings,
That will soon say "quack, quack."
Little long-legged turkeys,
That twirl their heads about,
And peeping little chickens,
One white, without a doubt.
In the woods, breaking through their
brown coverlet,
The first daring wild flowers are seen,
Salt and pepper, spring beauties and
blood-root,
Embedded in soft mossy green.
The good wife empties her cream-jar,
And the butter comes with a glow.
Let the hay rot up in the hay-mow,
For the grass has come now, we
know.
Ah! Yes, spring has come for good
now,
And it can't go back; 'tis too late,
For the robins have come to the or-
chard,
Each one with his red-breast mate.
Beulah S.

JOURNALISTS ADJOURN
Little Accomplished at Notable Meet-
ing in St. Petersburg.
St. Petersburg, April 22.—Reports
are current here that the Russian sec-
ond Pacific squadron has already left
Kamranh bay and is on the way to
Vladivostok.
St. Petersburg, April 22.—May Day
demonstrations on a grand scale
throughout the empire is the program
of the Socialist wing of the reform
party as announced at the Pan-Rus-
sian congress of journalists, which
closed yesterday afternoon after a
protracted and stormy session. The
congress illustrated the lack of unity
in reform circles, the program as final-
ly adopted failing to touch many burn-
ing questions of the hour on account
of the impossibility of harmonizing
the views of divergent elements. At
the conclusion neither side was sat-
isfied with the program. The moderate
faction, which was in the majority,
eliminated a number of recommenda-
tions in deference to the wishes of
the Social Democrats, while the repre-
sentatives of the Socialist press char-
acterized the platform generally, and
especially the plank regulating tac-
tics, as wishy-washy, and announced
that the plan of organized meetings
and parades in every city and indus-
trial center of Russia on May 14 to
which they were unable to gain the
concurrence of other elements, will
be carried out regardless of the con-
gress. They disclaimed any intention
of rioting, but declared if the police
attempted to break up the demonstra-
tions, the government would be
answerable.
The chief accomplishment of the
congress was its determination to
organize an association which will
participate in the general work of
reform league of all the professional
classes, in which the lawyers took
the first step at their recent congress
here. Practically all the liberal
papers in Russia were represented in
the journalist congress. The police
did not interfere.

RUSHVILLE, IND., APRIL 22, 1905

LOCAL BREVITIES

John Schenkle's condition today is no better.

Will Coyne has taken a position at Oneal's restaurant.

Some improvements are being made on Samuel F. Clifton's house on West Ninth street.

Owen Carpenter is now in charge of his studio on Second street, which he lately purchased from C. H. Wolf.

Mrs. Jacob Stevenson, of Nobletownship, who has been very sick for some time with blood poisoning, is no better.

Mrs. Rachael Billings, who has been in poor health ever since her unfortunate runaway accident last fall, is no better.

Work has been begun on the U. P. parsonage, which will be moved to the rear end of the lot on Seventh street.

Gene Barrows, the late clerk at the Windsor, has left to accept his new position at the Turner Hotel at Bloomington.

Mrs. J. E. Miller, living four and one-half miles southwest of town, who has been very sick for the past ten days, is now convalescent.

Mrs. Smith and daughter wish to thank their friends for their kindness during the recent illness and death of their beloved husband and father.

While cutting straw Wednesday, Edward Manliet, who lives on the Oneal farm, south of the city, accidentally injured his left leg just above the knee.

The American Boys' base ball team defeated the Second High School team yesterday afternoon; score 14 to 9. The American boys will play at Milroy this afternoon.

Yesterday morning, a strange lady, whose name and place of residence we failed to ascertain, was prostrated by lightning in the vestibule of John B. Winship's store.

The funeral services of Miss Grace Hiner, who died Thursday evening, was held this morning at 10 o'clock at the residence, southwest of town. The burial was at Orange.

IN BUYING YOUR FLOUR

Be sure that the printed matter on the sack reads, "Purity, High Patent", or "Indiana Pride, Straight Patent", made by C. G. Clark & Sons, and you will have the best that machinery, good wheat and a life time experience can make. Ask your grocer for it and do not take a substitute, they may tell you it is as good but they are mistaken. For sale by all leading grocers of Rushville and Rush County.

PATRONIZE HOME INDUSTRY.

What WALL PAPER Will Do.

Make a dingy, shabby room look attractive and handsome. Change a dark, gloomy room to a bright cheery place. Make the whole interior of a house look like a new place. New bed room, new kitchen, new parlor and so on through the entire house. To work these changes you need not spend much. Stop in and let us show you our papers and tell you how to do the most for the least money.

F. B. JOHNSON & CO.,

Drugs and Wall Paper.

The fine weather today brought an immense crowd to town.

A meeting of the township school principals was held this afternoon in the county superintendent's office.

H. G. Sampson, the hustling road supervisor, has made some good improvements on the roads in his district.

The Farmington Debating society will discuss the question, "Resolved, That the World is Growing Better," tonight at the Farmington school house.

Edward Manley, assistant rural route agent at Laurel, in a runaway accident in which his buggy was demolished, suffered a fractured skull and broken arm.

Miss Anna Bohannon, deputy auditor has received from her cousin, Miss Irene LaRue, of Riverside, California, a box of fine roses and orange blossoms, as an Easter present. Their fragrance is most delightful.

The new law relating to the increase in the salary of county superintendents, affects W. O. Headlee, Rush county superintendent. A complete account of the law will be published later.

Cincinnati Tribune: The K. P. Stars will leave for Rushville, Ind., where they will cross bats with Manager Geraghty's team. Opinions vary as to which is the stronger of the two and a great deal of talk has already been put up by the friends of both sides. Baseball circles in Rushville are agog over the coming event.

People from the vicinity of Andersonville, who were in town report that the oil found at Beuna Vista, was not in such quantities as expressed in the morning papers, but they report a good pressure. The company has sold 7000 shares of stock thus far. Of this number Lon Masters holds 250 shares and Mr. Reybolt, the Laurel merchant holds 250.

Roy Manor, the old man whom policeman Gordon arrested Thursday on West Third street, plead guilty this morning in Mayor Hall's court, and was fined for intoxication \$1 and costs, amounting to \$9.15. Failing to pay the fine, he was taken to jail. Manor has been a painter and paper-hanger for some time in the employ of Thompson & McCarty.

The residents of Brookville are terribly excited over an assault committed by Andy Creager, on the daughter of Joseph Ratz, who keeps house for her father. Creager, who is a big, burly fellow, made his escape after the assault. The sheriff with one posse and excited citizens in another are searching the hills for him, and talk of the whipping post is rife in case he is caught.

Carthage Record: Harry Stewart was a passenger on the train Monday morning enroute for Louisville, Ky., where he has been working for some time. Harry was arrested at Mays Station last Sunday week by Hancock county officers and placed in jail, charged with wife desertion. He was released on a \$100 cash bond. He says he can prove his innocence on any charge they have against him.

Cambridge City people are very hopeful that the electric line from that place to Brookville by way of Connersville will be built. The granting of a franchise to Connersville men this week looks as if there was something behind the proposition. It is understood that the company will soon ask the Wayne county commissioners for a franchise from Cambridge City, south to the Fayette county line.

Shelbyville Democrat: Judge Sparks has overruled the demurrer to the amended complaint in the Sheriff Luther case, and held that the County Council is not required to make an appropriation to pay whatever may be due Mr. Luther for services as sheriff of Shelby county. He also held that if the fees of his office were not sufficient to pay the salary of the sheriff he was entitled to the payment of the balance of his salary out of any moneys in the county treasury without an appropriation by the County Council.

Greensburg News: People living north of town had their attention drawn to a curious spectacle Tuesday afternoon. Herbert West had taken George Kereheval out over the latter's rural route in his automobile. When near the Rush county line, a pin in the gear broke and the machine could not be moved forward. By experiment, it was discovered by the two passengers that while the machine would not run forward that it would back at a slow rate, and in this manner they started to return to town, a distance of twelve miles. They made the trip in less than two hours.

PERSONAL POINTS

—Russell Casady is in Chicago on business.

—Mr. and Mrs. McMahon will spend Sunday in New Castle.

Recitation—"The Resurrection," by Archie Roam. Song—"Long Ago," by Marjorie Thomas. Orchestra—"Ultimatum." Song—"The Little Birds Have Come Again." Recitation—"Bring Flowers Today," by Edwin Watson. Chorus—"Over a Gloomy Garden." Orchestra—"Yellowstone Park." Offering. Song—"The Angels Song." Benediction. Orchestra—"Irenya."

SOCIETY NEWS

The Bliss-Sexton club bowled last night. The highest scores were 151 by Guy Abercrombie, and 128 by Mrs. Claude Cambren.

Mrs. Arvel Herkless entertained the members of the Six Hand club yesterday afternoon. A very pleasant afternoon was enjoyed. Mrs. John Jones received the favor for the high score.

The Lotus club will have its regular meeting Monday evening with Mr. and Mrs. Theodore Reed.

The R. S. C., a new cooking club met this afternoon with Miss Lydia Mauzy, North Main street.

The C. C. club delightfully surprised one of its members, Miss Laura Holden, last Thursday evening. About ten of the club were present. Refreshments were served.

Mrs. Walter Smith was the hostess for the Friday Afternoon Reading club yesterday. The club now has about fifteen members. In a short time they expect to have an open meeting to which the ladies may invite their husbands.
